## ENOTECA PROVINCIALE DEL TRENTO

### **Palazzo Roccabruna - The house of Trentino produce**

Palazzo Roccabruna, a splendid sixteenth century manor house, stands in the town centre of Trento just a short distance from Piazza Duomo, the main square.

The manor house has been wholly renovated by the Trento Chamber of Commerce and is now the “Enoteca provinciale del Trentino” (wine collection and tastings).

Conferences, art happenings and events are held here aimed both at highlighting Trentino culture and produce and at promoting tourism.

Visitors can not only enjoy the elegance of this historical building but also discover Trentino through its wine and its typical produce in the Vinaria, the modern wine bar on the first floor.

Palazzo Roccabruna offers visitors guided tours and tastings. Groups can visit the building from 9.00 to 18.00 if they book at least 10 days in advance. The Palazzo Roccabruna is closed on Mondays and on Tuesdays.

The visit includes a tour of the building, lasting 15-20 minutes, and the time required for the glass of wine or the food and wine-tasting.
